## Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

## **Listing of Claims:**

Claims 1-20 (Canceled)

1 Claim 21. (Currently Amended) A method for facilitating recirculation of goods,

said method comprising:

2

- 3 providing a recirculation website;
- 4 providing the recirculation website with a homepage with links including
- 5 BUSINESS, CHARITY, EVERYONE, EVERYONE (CATEGORIES), BROWSE TO GET, FEATURED
- 6 ITEMS, and URGENT REQUESTS receiving information regarding a good from a donor, the
- 7 good being chattel property or other physical item;
- 8 posting information regarding the good on the recirculation website;
- 9 receiving a request from a recipient for the posted good; and
- facilitating transfer of the good from the donor to the recipient without any
- 11 remuneration occurring between the donor and the recipient.

1 Claim 22. (Previously Presented) The method according to claim 21, further

comprising classifying the recipient within a predefined class and the donor within a

3 predefined class.

2

Claim 23. (*Previously Presented*) The method according to claim 22, further comprising determining whether the predefined class of the recipient is eligible to request the posted good.

Claim 24. (*Previously Presented*) The method according to claim 21, further comprising registering recipients on the website and classifying the registered recipients and donors within predefined classes.

Claim 25. (*Previously Presented*) The method according to claim 24, further comprising identifying the posted good to recipients of predefined classes previously ineligible to request the posted good after a predetermined period of time in which the posted good remains available for retrieval by a recipient member of a predefined class eligible to request the posted good.

Claim 26. (*Previously Presented*) The method according to claim 21, further comprising classifying recipients and donors in a predefined class for charity/non-profit organizations.

Serial No.: 10/003,332 Art Unit: 3621

Claim 27. (Previously Presented) The method according to claim 21, further

comprising classifying recipients and donors in a predefined class for business/individual

3 entities.

2

2

6

8

1 Claim 28. (Previously Presented) The method according to claim 21, further

2 comprising classifying recipients and donors in a predefined class for any entity.

1 Claim 29. (Previously Presented) The method according to claim 21, further

comprising soliciting the donor to transfer the posted good to the recipient.

Claim 30 (Canceled)

1 Claim 31. (Currently Amended) A system facilitating recirculation of goods, said

2 system comprising:

a recirculation web server with a processor;

a recirculation website associated with the recirculation web server, the

recirculation website being a global repository of goods posted for recirculation, and for

facilitating recirculation of goods between donors and recipients without any economic

7 remuneration occurring between donors and recipients;

recirculation software carried on a computer readable medium;

9 wherein said recirculation software, when executed by the processor, causes the 10 software to carry out steps comprising: providing the recirculation website with a homepage with links including 11 BUSINESS, CHARITY, EVERYONE, EVERYONE (CATEGORIES), BROWSE TO GET, FEATURED 12 13 ITEMS, and URGENT REQUESTS; receiving information regarding a good from a donor, the good being chattel 14 property or other physical item; 15 16 posting information regarding the good on the recirculation website; receiving a request from a recipient for the posted good; and 17 facilitating transfer of the good from the donor to the recipient without any 18 19 remuneration occurring between the donor and the recipient. Claim 32. (Previously Presented) The system according to claim 31, wherein said 1 recirculation software further causes the processor to carry out steps comprising 2 classifying the recipient within a predefined class and the donor within a predefined class. 3 1 Claim 33. (Previously Presented) The system according to claim 32, wherein said recirculation software further causes the processor to carry out steps comprising 2 determining whether the predefined class of the recipient is eligible to request the posted 3

4

good.

Serial No.: 10/003,332 Art Unit: 3621

1

2

3

Claim 34. (*Previously Presented*) The system according to claim 31, wherein said recirculation software further causes the processor to carry out steps comprising registering recipients and donors on the website and classifying the registered recipients and registered donors within predefined classes.

Claim 35. (*Previously Presented*) The system according to claim 34, wherein said recirculation software further causes the processor to carry out steps comprising identifying the posted good to recipient donors of predefined classes previously ineligible to request the posted good after a predetermined period of time in which the posted good remains available for retrieval by a recipient member of a predefined class eligible to request the posted good.

Claim 36. (*Previously Presented*) The system according to claim 31, wherein said recirculation software further causes the processor to carry out steps comprising classifying recipients and donors in a predefined class for charity/non-profit organizations.

Claim 37. (*Previously Presented*) The system according to claim 31, wherein said recirculation software further causes the processor to carry out steps comprising classifying recipients and donors in a predefined class for business/individual entities.

1 Claim 38. (Previously Presented) The system according to claim 31, wherein said

2 recirculation software further causes the processor to carry out steps comprising

3 classifying recipients and donors in a predefined class for any entity.

1 Claim 39. (Previously Presented) The system according to claim 31, wherein said

2 recirculation software further causes the processor to carry out steps comprising soliciting

3 the donor to transfer the posted good to the recipient.

Claim 40 (Canceled)
